Introduction

Over the past four years, Te Tumu Whaakata Taonga | New Zealand Film Commission (NZFC) has invested approximately \$2.1m through the Strategic Training Fund into training and skills development. This has been in strategic partnership with screen sector guilds, industry organisations and industry training providers to deliver industry level training and development programmes that are holistic, developmental and progressive in their approach. The Strategic Training Fund is available for programmes aimed at above the line roles of producers, directors, writers and actors.

This funding is available for programmes that run from July 2022 to June 2023.

Your application must be completed online [through our application portal](#). Please see the NZFC website for application and decision deadlines.

Strategic Training Funding overview

The Strategic Training Fund fits within the NZFC's [Statement of Intent](#), specifically the:

- Vision to champion exceptional storytellers to create enduring taonga for Aotearoa;
- Mission to empower and attract distinctive and diverse screen productions for all audiences;
- Goal to activate high impact, authentic and culturally significant screen stories; and
- Goal to facilitate dynamic pathways for outstanding people, projects and businesses.

Successful applicants will be expected to work closely with the NZFC Talent Development team on the ongoing development of the programmes and the identification of talent. The funding aims to support programmes that target a mix of new, emerging, mid-career and/or established talent as per the [NZFC talent level criteria definition](#). The NZFC is keen to receive programmes of training that are available across the country and meet the needs of those from the various regions and demographics. The NZFC is committed to providing opportunities for Tangata Whenua and those from underrepresented communities.

Te Rautaki Māori

Te Rautaki Māori is the NZFC's commitment to working in partnership with Māori to achieve mutually agreed aspirations and to better support the development and progression of Māori talent. The strategy and its execution is informed by the principles of Te Tiriti o Waitangi and Te Ao Māori. We acknowledge that there is more than one Māori world view, and we respect and recognise the value and unique point of difference Māori bring to the screen sector as Tangata Whenua. We aim to uphold the distinction that Māori creatives, content, te reo Māori and cultural practices bring to our story telling, films and film making community that create taonga for Aotearoa and are critical to our identity as a nation.

Diversity and Inclusion

The NZFC is committed to providing opportunities and support for underrepresented communities and the [NZFC He Ara Whakaurunga Kanorau | Diversity and Inclusion Strategy](#) has a vision for the NZFC to be an industry leader that fosters a diverse and inclusive environment for the Aotearoa screen sector. As part of achieving this vision, we strongly encourage our stakeholders and partners to champion the aspirations and principles of diversity and inclusion in their work to advance equity in the Aotearoa screen sector.

The NZFC has identified the following groups as underrepresented: Māori, Pacific peoples, Asian communities, MELAA (Middle Eastern, Latin American and African), women, gender diverse, LGBTQIA+ communities, people with a disability, regional communities (defined for the purposes of the New Zealand screen sector as those outside of Auckland and Wellington), people below the age of 30 and people above the age of 60.

The NZFC encourages programmes targeted at meeting the needs of underrepresented communities, and in such cases expects partnership in the design and implementation. Where possible, these programmes would be led by members from within these underrepresented communities.
