KUPU WHAKATAKI - INTRODUCTION

The purpose of the Premium Productions for International Audiences Fund (**'Premium Fund'**) is to support the Aotearoa New Zealand (**'NZ'**) production sector to recover from COVID-19 by supporting high-quality productions that tell New Zealand stories for global audiences.

To support the sector with employment opportunities, the Premium Fund has had up to \$50,000,000 available to invest. This is a significant one-off opportunity to drive a step-change for the sector by allowing production at a scale and ambition not previously possible.

There have been **two** rounds of production funding to date aimed at mitigating the impacts of COVID-19 for New Zealand production companies in the short term. This **final round** is for projects which support the aspirational nature of the Fund to create a step change and 'halo effect' for our Screen Sector within the international screen industry. We will be looking to create a balanced slate that serves the five key objectives of the Premium Fund. There is approximately \$20 million of funding available for this round.

Te Tumu Whakaata Taonga New Zealand Film Commission (**'NZFC'**), Irirangi Te Motu New Zealand On Air (**'NZ On Air'**) and Te Māngai Pāho (**'TMP'**) ('The Agencies') work closely together to implement and deliver the Premium Fund.

The NZFC is responsible for administering the Premium Fund, and all applications must be made through the NZFC's online portal. The portal will be accessed through the funding page on NZFC's website once available.

KO WAI KA ĀHEI KI TE TONO - WHO CAN APPLY?

To be eligible for the Final Round, applicants must meet the **applicant eligibility, content eligibility and production eligibility** requirements set out here with reference to the **Premium Fund Terms of Trade**, including:

1. APPLICANT ELIGIBILITY

An applicant must:

- Be a New Zealand ('NZ') citizen or permanent resident; and
- Be the (or one of the) NZ producer/s of the project; and
- Be able to demonstrate prior experience in multiparty financed projects (as defined in the Terms of Trade); and
- Be able to demonstrate at least one 'produced by' credit in the producing team in the eligible format and genre (Factual or Fiction) you are applying under that has been commercially released (Executive and Associate Producer credits on feature films are not considered a 'Produced by' credit); and
- Apply through a company incorporated and carrying on business in NZ and which has its central management in New Zealand (at least one of the directors of the applicant company must be held by a NZ citizen or Permanent Residents); which must be **either**:
 - an established screen business (active for more than three years with commercial credits in at least one of the eligible formats); **or**
 - a Special Purpose Vehicle (**SPV**) in which the applicant is a company director and majority shareholder with 'produced by' credit/s (or equivalent) in at least one of the eligible formats; and
- Be able to demonstrate that they own or have the ability to own (or in the case of a co-production or partnership, share ownership of) the copyright in the production – this includes holding, or having the ability to obtain, all necessary rights to develop, produce and distribute the project; and
- If they apply as an Official Co-productions, meet all the requirements of the applicable co-production treaty as well as all the requirements of the Premium Fund; and
- Not have any outstanding reports or deliverables or be in breach of any agreement the applicant has, with any of the Agencies; and
- Submit all required information and documentation as outlined in this *Premium Fund Final Round Guidelines* and the *Premium Fund Final Submission Checklist*; and
- Ensure all Information and documentation submitted meets the requirements of the *Premium Fund Terms of Trade*.

The eligibility requirements for applicants will also apply to the contracting entity or entities (if different from the original applicant), including any special purpose rights holding companies referred to in the application. Failure to provide relevant information will result in the application not being eligible to be assessed.

2. CONTENT ELIGIBILITY

Your project must meet the requirements of the New Zealand Film Commission Act 1978 (the “Act”) by:

- having significant New Zealand content as determined by section 17 of the Act; and
- qualifying as a ‘film’ as determined under section 2 of the Act.

See Terms of Trade section 4 for details.

Applicant must:

- provide evidence that the majority of filming will be completed in New Zealand; and
- demonstrate that they have at least 10% of Private International Investment of the production budget as defined in the Key Conditions of the Guidelines and the Terms of Trade; and

Your project must also be one of the eligible formats.

Eligible formats include feature films, single episode television or non-feature films and series productions including but not limited to drama, documentary, children’s and animation. These categories have restrictions to be aware of:

- **feature films** including but not limited to drama, documentary, children’s and animation being no less than 80 minutes (exclusive of credits), commonly screened as the main attraction in commercial cinemas and recorded in one of New Zealand’s three official languages –Māori and/or English, and/or New Zealand Sign Language.
- **a single episode programme** (including a telefeature or feature length content that is not primarily intended for exhibition to the public in cinemas) of at least 52 minutes (exclusive of credits) in length, including but not limited to drama, documentary, children’s and animation;

- a **series or season of a series** including but not limited to drama, documentary, children's and animation being a programme with a common theme or themes consisting of at least two episodes that are intended for release together in national and international markets.

- There are no restrictions on genre and content but some types of productions are not eligible:
 - × Projects that are registered or will register for International NZSPG;
 - × Advertising programmes or commercials;
 - × News or current affairs programmes;
 - × Productions of a public event or live event, including sports events, stage plays, music concerts, dance performances or comedy shows;
 - × Lifestyle and Reality TV;
 - × a discussion programme, current affairs programme, news programme, panel programme, or a programme of a like nature;
 - × pornography;
 - × a training programme;
 - × Interactive and Gaming projects;
 - × Content exclusively for video sharing websites or social media.

The failure to meet these requirements will result in the application not being eligible to be assessed.

3. PRODUCTION ELIGIBILITY

As per all Rounds to date Applicants must be able to demonstrate to the satisfaction of the NZFC (as administrator of the Premium Fund) the 'production readiness' of the project.

The Interim Production funding round prioritised production ready projects. For this Final Round, we will consider projects that provide balance and create a slate that serves the five key objectives of the fund. However, there is still an expectation that the finance is confirmed and supported by documentation as well as a

comprehensive plan for contracting and proceeding into production as per the list below.

Factors used by the NZFC to determine production-readiness can include the following. The absence of any of this information (or a lack of a viable plan to acquire it) can result in the application not being eligible to be assessed.

- having advanced script/s or a documentary treatment that complies with industry standards;
- evidence of endorsement / sign off of script/s or documentary treatment/s from market partners or through market comment and attachment;
- If not all scripts are written at the time of your application, you will need to provide a viable narrative and timeline of the plan to write them and the personnel assigned to this process;
- attachment of key personnel and their bio / screen credits (Director, Producer and Writer or other key positions for your format type) and if they are travelling into NZ the plans / arrangements you have for this;
- attachment of key cast / documentary participants (as applicable) and if they are travelling into NZ the plans / arrangements you have for this;
- Viable finance plan (which equals the amount of your total budget) and details all of the financiers other than the Premium Fund;
- Supporting documentation / evidence of attachment and investment by way of letters of offer or draft agreement from all parties in the finance plan. *(For detail on what this should include for different investment types please see section 8 'Production Funding – Other Investment requirements' in the Premium Fund – Terms of Trade);*
- Status information on certification processes that maybe essential to the closing of your production such as NZSPG provisional certificates, Co-Production certificates (in all territories) etc.;
- having a viable production timeline (including a date for completion of closing, start of pre-production, start of Principal Photography and delivery date/s);
- having a viable shooting schedule;
- having a current letter of intent from a completion bond that references the current finance plan and production details, or a proposed alternative viable

production and financial risk management plan; (**see green box for guidance below*);

- having a viable budget incorporating Guild recommendations where applicable (there is no minimum budget level to be eligible for funding from the Premium Fund) that matches the finance plan. The budget must include details of the New Zealand Labour Grouping (*see definition in the Terms of Trade*);
- having a viable cashflow and drawdown schedule which reflects proposed terms of investment and the Premium Fund requirements as outlined in the Terms of Trade;
- A proposed recoupment structure that reflects the positions of all financiers and the Premium Fund requirements as outlined in the Terms of Trade;
- Where applicable, (through the information required for assessment) demonstrate that cultural advisor/s are in place to assure the considerations, protocols, and cultural safety, for the project and personnel relating to Māori references or content; and
- having a viable COVID-19 risk mitigation strategy (**see the blue box below*)

In each case, viability will be determined by the NZFC.

The COVID-19 Risk Mitigation Strategy outlines the plan for your production to operate under the [COVID-19 Protection framework](#)

The framework outlines clear requirements for activities occurring at Green, Orange and Red settings. Your Risk Mitigation Strategy will need to clearly outline your production strategy at each level.

It will be a condition of production funding offers, that all three activity settings have been budgeted for and included in the finance plan.

Particular focus must be given to: Vaccine Passes, capacity limits, record keeping, localised protections and lockdowns

Producers should refer to the Screensafe Website for additional Screen Industry specific guidance related to COVID-19. Productions will also need measures in place to protect vulnerable communities/groups/individuals.

- What contractual arrangements will be in place with crew in the case of a COVID-19 event or changes in settings?
- What are the provisions for Key Cast in the event of a change in settings? What are their availability periods?
- Cast and crew travelling to New Zealand. Will they clear MIQ before the commencement of principal photography? Have you factored enough time for applications for Border Exemptions, travel and the limited NZ quarantine space?
- Do any other financiers require COVID-19 insurance, or will they proceed on risk without it?
- Have you included costs in the budget in case of a COVID-19 event or change to settings?
- What level of contingency has been specifically allocated for COVID-19 related costs?
- What other measures will you utilise to mitigate the financial risks from COVID-19?

Please note that this Risk Mitigation Strategy is not expected to be a complete Health and Safety Plan, which we would expect you to compile with a Health and Safety professional before pre-production commences.

Key areas to be covered in a **production and financial risk management plan**

1. Who is providing production oversight including controlling contingency spend and preventing overspend?
2. Who is taking responsibility for ensuring that the production is completed on budget and a finished product delivered?
3. Who has the right of takeover on the production that includes assuming the responsibility for fulfilling the Producer's obligations to the NZFC?
4. Who is providing approvals over Scripts, Cuts, Key Cast etc.?

NGĀ ĀHEINGA KAUPAPA - KEY CONDITIONS

- The majority of **key creative roles** (e.g. producer, director, script writer, series creator, showrunner, animation director) should ideally be held by New Zealanders. For key creative roles proposed to be filled by non-New Zealanders, you will be required to strongly demonstrate to the NZFC's satisfaction how they will enhance the project meeting the key objectives of the Premium Fund.
- The number of applications per production company is limited to **two per round**. An individual producer also can only submit up to two applications (even if they are with different entities). This limit does not include the Premium Development application submissions; you can have up to two development applications and up to two production applications simultaneously. If a production company submits more than two applications, the NZFC will ask the production company to identify which two are to be considered, and any other applications will be excluded.

- Even though the Premium Fund is positioned to support a high-level of ambition, there is **no requirement for a minimum budget threshold**. There is also no cap on the amount of funding you can apply for from the Premium Fund.
- The minimum proportion of Private International Investment for all applications must be **10%** of the total production budget. **Private International Investment** means genuine finance (including advances, minimum guarantees, and equity) from, but not limited, to Distributors, Sales Agents, Commissioners, Broadcasters, Streaming services, Licensors and Private Investors located **outside of New Zealand**. Note that it does not include foreign government investment or tax incentives, nor does it include entities providing temporary cashflow lending services against those tax incentives to the production.
- Please note that while 10% is the minimum for eligibility, preference will be given to productions that have secured more than 10%.
- Please note that **related party finance** (as determined by the NZFC) cannot be included as part of the 10% minimum requirement of Private International Investment. But it can still be included in the finance plan as Private International Investment raised in addition to the 10% minimum.
- While the majority of filming must be in New Zealand, preference may be given to projects with all filming to be done in New Zealand.
- Production Funding will be an **equity investment** and therefore is recoupable. The Premium Fund's recoupment and profit position must be appropriate for the type of production and commensurate with the value of the equity investment. For certain structures the Premium Fund may consider alternative models. Like any investor, conditions will be attached to the investment, and the NZFC (as administrator of the Premium Fund) will expect to be involved in certain decisions. A failure to meet these funding conditions can result in the offer of funding being withdrawn by the NZFC.
- You must provide a **COVID-19 Risk Mitigation Strategy** as part of your application which deals with the lack of insurance cover available for COVID-19 related events (if applicable). This should include the proposed terms of all investors regarding proceeding on risk, or requirements to mitigate. (Detailed information on what to include is in the *Submission Checklist*).

- There is an expectation that the cultural stories or elements are grounded in lived experiences and have connections to that intention being conveyed on screen. The importance of having **Māori creatives and advisors** playing lead roles in the production and having a financial interest in the production and/or the SPV is that the production will support and carry the accountability and responsibilities of those cultural elements and practices for the life of the film and those which are Māori stories (that contain Māori POV and/or significant cultural content (**Premium Fund Terms of Trade – Section 12 - Rautaki Māori*)) would require at least one Māori screen practitioner in each of **two out of three key creatives roles** of director, writer and or producer.
- As part of partnership arrangements that reflect Te Tiriti o Waitangi, careful consideration should be given to acknowledge the value of the cultural creatives and content (if appropriate to your project). Applicants are encouraged to identify how they propose to recognise the value and **cultural integrity** of the content and creatives by the production which could include financial or other benefits, an interest in the SPV and/or the recoupment schedule and a commitment to capacity and capability building to achieve mutually agreed aspirations informed by the principles of Te Tiriti o Waitangi and Te Ao Māori.
- There is **no minimum requirement** for ‘New Zealand Content’ (subject to compliance with the *Premium Fund Terms of Trade* requirements around Significant New Zealand Content). But the Key objective of Cultural Benefit references New Zealand cultural content and therefore applications will be assessed on this objective as it relates to setting, characters, story, treatment, Māori elements.
- You will be required to comply with the Premium Fund credit requirements if you are successful in receiving funding.
- The Agencies may vary the *Premium Fund Terms of Trade* and the *Premium Fund Guidelines* at any time. When an application is received, the *Premium Fund Terms of Trade* and the applicable *Premium Fund Guidelines* that are current at the time of receiving the application will apply to that application.

RELATIONSHIP TO OTHER NZFC / NZ ON AIR / TE MĀNGAI PĀHO FUNDING

- Discretionary Investment from NZFC, NZ On Air and Te Māngai Pāho is **permitted** alongside the Premium Fund. The usual terms and requirements from these agencies remain in full effect. (e.g. a NZ broadcaster attachment with a free-to air window is necessary to apply for NZ On Air production investment).
- If you are applying to NZSPG-NZ as well as to the Premium Fund, you will need to be able to demonstrate that you can fulfil all the NZSPG-NZ criteria in addition to the criteria for this Fund (e.g. Proportion of non-New Zealand Government Production Funding, Significant New Zealand Content test, minimum Qualifying New Zealand Production Expenditure requirements).
- Applications may be ineligible for funding if the applicant (whether that is as an individual or under a company) has outstanding reports or deliverables to NZFC, TMP, and/or NZ On Air funding or are otherwise in breach of, or in a dispute in respect of, any contract with NZFC and/or TMP and/or NZ On Air.

KAUPAPA AROMATAWAI - ASSESSMENT

The Applications for **Te Puna Kairangi – Premium Fund** will first be assessed against the applicant, content and production eligibility criteria (as outlined in these *Premium Fund Final Round Guidelines* and the relevant provisions of the *Premium Fund Terms of Trade* as applicable).

Only those applications assessed as meet these requirements as determined by NZFC (as administrators of the fund) will be considered eligible to progress into the secondary assessment phase.

In the secondary assessment phase, applications will be assessed against the five following key objectives set by MCH.

The five key objectives are

- **Boost economic growth through the attraction of** international investment and market partners in New Zealand’s screen sector.
- **Increase employment** through providing jobs to New Zealanders in the screen sector.

- **Create cultural benefit** through providing the resources to tell New Zealand screen stories at a scale not previously possible, and support Māori cultural aspirations.
- **‘Speed to Market’**. Respond to COVID-19 by distributing money quickly in the wake of the lockdown period to support the NZ screen sector.
- **Develop skills and capability** of people in the NZ screen sector.

At the secondary assessment phase, all eligible applications will go through the same assessment process. There will be no shortlisting.

Assessment against the five key objectives will be undertaken by internal assessors and external assessors as determined by the NZFC having regard to the nature of this Final round. Internal assessment will be led by the Te Puna Kairangi team with input from NZFC and other Agencies staff as required.

The NZFC reserves the right to engage External Assessors to assess applications in respect of some, or all, of the five key objectives. If External Assessors are used, they will be sourced from the pool published on the NZFC website: [External Assessor Process for Production and Development Funding \(nzfilm.co.nz\)](https://nzfilm.co.nz) Conflicts of interest will be managed through the portal regardless if External Assessors are necessary.

The following table outlines the preferences and considerations used to assess how applications performs against each objective of the Fund.

- How strong is the lower-level roles (including opportunities for Māori and people from communities under-represented in the screen sector)
- How strong is the contribution to innovation, regional technology, infrastructure and business sustainability

FUNDING RECOMMENDATIONS

The Premium Fund Team, NZFC Head of Development and Production and Pouwhakahaere Rautaki Māori will assess the applications and inform the Agencies' Chief Executives based on the performance against the five key objectives, and any further relevant considerations covered in these *Premium Fund – Final Round Guidelines* and the *Premium Fund Terms of Trade*. The Chief Executives will then make funding recommendations to the Panel.

FUNDING DECISIONS

The Panel will meet to consider the funding recommendations of the Chief Executives.

In making their funding decisions, the Panel can use its discretion to ensure, as much as possible, that the final funding decisions of this Final Round best support each objective of the fund and that the five objectives are broadly balanced across the totality of projects approved.

As a consequence, it does not necessarily follow that the highest individually ranked applications will all be successful, as consideration must be given to how the final slate of successful applications best meet, in aggregate, the overarching objectives of the Premium Fund.

WHAKARITENGA TONO - APPLICATION PROCESS

SUBMISSION DEADLINE

Applications for the interim round must be submitted through the portal to NZFC by deadline date.

Late or incomplete applications will not be accepted.

Application window closes
on 22nd Feb 2022, 1pm

ELIGIBILITY

Once your application is received, it will be checked for eligibility in line with these guidelines. If the NZFC determines that your application does not meet requirement it will be deemed ineligible for this funding round.

Incomplete applications will be considered ineligible.

Subject to the volume of
applications, the agencies
aim for two to three weeks
to check eligibility.

ASSESSMENT

The assessment of eligible applications will be undertaken by the Agencies who may engage external NZ and international assessors to provide independent assessments. The applications will be assessed against the Fund Objectives set out in these guidelines.

Applicants may be required to provide additional documentation as part of this process. Applicants and key creatives may also be requested to attend a videoconference meeting with personnel from NZFC, NZ On Air and TMP.

Following such assessment, the Chief Executives the Agencies will make joint funding recommendations to the Panel.

Assessment phase:
around 8 - 10 weeks

DECISION

The Panel will include Board Members from each of the three agencies and an independent chair. Representatives from each of MCH and MBIE may attend the funding panel meetings as observers.

NZFC staff will notify successful applications following funding panel decisions. Decisions will be made at the discretion of the Panel after consideration of the recommendations put forward to it. In all cases the decision of the Panel is final.

Mid to late
May 2022

ME PĒHEA E TONO - HOW TO APPLY

- The **Premium Fund Final Submission Checklist** is available now on the NZFC's website for your information.
- Complete an "intention to apply form" available now on the NZFC's website [here](#). In order to streamline the assessment process and provide a funding decision quickly it is very helpful for us to get an understanding of how many and what format applications we can expect so that we can plan for resourcing.
- Applications will only be accepted if they are submitted through the portal on the funding page of NZFC's website before the published deadline. If you have not applied for NZFC funding before you will need to create an account on the portal first.
- The deadline for applications for the Final round of production financing is **22nd February 2022, 1pm.**
- Your application will autosave on the portal as you work on it and will be available for you to update or change when you go back into the portal before the published deadline. You will be asked to check your application before you finally submit it. You will receive a confirmation of submission by e-mail.
- Once the deadline is reached, the funding round will close, and the portal will no longer be available for submissions. Late or incomplete applications will not be considered. Any unsolicited additional information provided after the deadline will not be accepted.
- Please note that by submitting your application, you acknowledge and agree that your application may be reviewed by External Assessor/s, and you also accept that their identity may be required to be kept strictly confidential.

- The Agencies will use reasonable efforts to maintain the confidentiality of the information provided by the applicant. Any information you provide to the Agencies, or any Agency, in connection with the Premium Fund, is subject to Official Information Act 1982 ('OIA') requests. In processing a request under the OIA, the relevant Agency may seek to consult with the relevant applicant prior to making a decision on the OIA.

TE HUARAHI WHAKAMUA - NEXT STEPS

Successful applicants will be notified of the decision outcome by an approval letter advising when the Premium Fund Letter of Conditional Offer ('Premium Fund LOCO') letter will be presented to them.

- Unsuccessful applicants will be notified of the decision outcome by way of a decline letter. We will not be able to provide individual written feedback to all applicants. We will endeavour to meet with all declined applicants to discuss moving their projects forwards.
- For successful applicants, the conditions required to be met before commencement of closing and other terms associated with the offer will be set out in the Premium Fund LOCO.
- Funding offers will be valid for a **limited period of time**. Please refer to your Premium Fund LOCO for this timeframe.

ĒTAHI ATU PŪTEA - OTHER FUNDING OPPORTUNITIES

If you feel like your project does not meet the key objectives of the Premium Fund, you should instead consider applying through other funding avenues that the Agencies offer, depending on the structure of your project. Please get in touch via the relevant email addresses listed below for more information about other funds offered:
